Olyn

Versatile. Ubiquitous. Universal

As the crown jewel of the Ardeo collection, where performance and versatility converge into a single, extraordinary luminaire, Olyn embodies the pinnacle of innovation in luxury lighting.

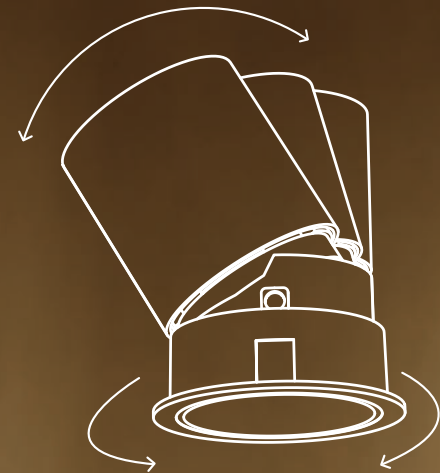

The only light you need

Engineered with top-of-the-line specifications, Olyn delivers unparalleled performance with minimal glare, exceptional color consistency, and high CRI. Its advanced adjustability in beam angles and dynamic temperature tuning make it an incredibly versatile luminaire.

Rotate or Tilt

The super flexible luminaire

A flexible lighting fixture designed for adaptability. Whether fixed, rotated, or tilted, Olyn's FlexMax design allows for seamless transition from general illumination to focused lighting, adapting to your needs with ease.

General Lighting

Consistent, high-quality illumination that enhances any environment with its wide spread beam angles.

Multiple Beam Angles and Color Temperature

With multiple beam angles and color temperatures, Olyn offers adaptable lighting solutions for any setting. Enjoy dynamic color temperature adjustments in real-time for perfectly tailored illumination.

Art Accent Lighting

Showcase art, wall paintings, and artifacts with Olyn's precise, high-quality illumination. Its tilt feature ensures focused lighting, even when recessed in the ceiling.

Beam angle: **45°**
Temperature: **3000K**

Beam angle: **36°**
Temperature: **3500K**

Beam angle: **15°**
Temperature: **4000K**

Beam angle: **24°**
Temperature: **5000K**

True Visual Harmony

Glarefree lighting

The luminaire's deeply embedded lens eliminates exposure to the direct light source, preventing harsh lighting and ensuring a smooth and even illumination experience.

Perfect color temperature

Engineered to deliver consistent, true-to-life colors, Olyn's accu-temp calibration ensures every space is illuminated with optimal warmth and clarity.

Soft illuminator

The Olyn luminaire evenly diffuses light, eliminating abrasive shadows and glare, creating a warm and comfortable ambience in every space.

Engineering meets pinnacle

In Ardeo's flagship luminaire

Best SDCM rating <2

Experience unmatched color consistency, and uniform illumination for a perfectly lit environment.

Fully Lenticular Optics

Advanced lenticular optics enhances light distribution, providing uniform, glare-free illumination and optimal light control.

Crafted to perfection

Built with industry-grade materials, advanced optics, cutting-edge LED tech and a rigorous birthing process that ensures the highest quality, reliability and longevity.

The Olyn Collection

An all encompassing family of truly extraordinary luminaires.

Transform Lighting Outcomes

With the olyn accessory range

Each accessory is designed to enhance your lighting experience, providing the versatility needed to achieve your desired lighting effect effortlessly.

Olyn Surface Mount

Elevating versatility to new heights, Olyn empowers true ceiling illumination with its ingenious **accessory cylinder** that effortlessly converts its flagship recessed fixtures into a sleek, surface-mounted marvel.

A Lens Accessories

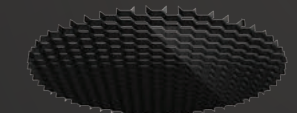

Elliptical Lens

Achieve precise, elongated light distribution. Perfect for highlighting artwork, architectural details, and creating focused illumination.

Spread Lens

Designed for wide, even light distribution. Ideal for illuminating large areas, ensuring consistent and uniform brightness.

Honey Comb

Designed to further reduce glare and enhance visual comfort. Perfect for creating a softer, more diffused light, ideal for any ambient environment.

B Trim Options

White

Black

C Reflector Accessories

Pin Hole

Achieve pinpoint accuracy with focused, narrow beams of light. Create dramatic focal points with minimal light spill.

Slot Hole

Designed for narrow, linear light distribution. Ideal for accentuating architectural features with controlled illumination.

Altair

Sophisticated. Contemporary. Minimal.

Engineered for precision and performance, Altair spotlights use sophisticated optics to deliver superior light quality and dramatic illumination. The adjustable nature of Altair luminaires provides a wide range of lighting solutions, from highlighting architectural details to creating dynamic lighting effects.

Crafted with premium materials and available in a range of elegant finishes, Altair spotlights are designed for the modern luxury home

The world of Altair

From wide illumination to focused beams to ultra-focused framers, Altair offers a truly diverse lighting experience, while setting a new standard in lighting excellence.

Engineered for Precision

One fixture, multiple possibilities

Altair's range of accessories enhances your lighting experience and helps achieve the desired lighting effect in any space.

The Blade Runners

Minimal Aesthetics, Maximum Impact

Engineered for precision and efficiency, these minimalist blades are ideal for creating sophisticated lighting schemes, delivering both style and performance. Perfect for a variety of applications, these downlights ensure your environment is beautifully lit, achieving the perfect balance of form and function.

Engineered for more

With multi minute optics

Ardeo Blade lights leverage advanced multi-minute optics technology, where numerous small and precise luminaires are integrated into a single, unified fixture.

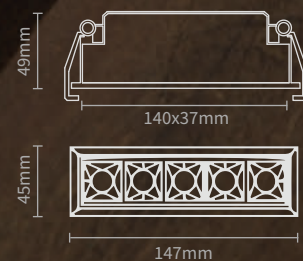

The Avior blade provides a soothing and comfortable lighting experience by eliminating harsh light and reducing eye strain.

Avior

The perfect linear blade is here

The compact and sleek luminaire blends seamlessly into any space, ensuring the light fixture itself remains unobtrusive while delivering uniform illumination and elevating the visual appeal of any environment.

Tech Specs
