*Tracklights*

Lighting is the  
lifeblood of design.

— Gregory Kay

# *Tracklights*

The guiding lines that illuminate  
and orchestrate

- Adhil
- Upsilon
- Veritate
- Mirach
- Almach
- Kappa
- Nembus

The image shows a dark grey background with several black track lighting systems. One track runs diagonally from the top left towards the center, featuring a long linear light fixture and a small cylindrical spotlight. Another track runs diagonally from the bottom left towards the center, featuring a large circular light fixture and a rectangular light fixture with a grid of small lights. A third track runs diagonally from the top right towards the center, featuring a small cylindrical spotlight and a circular light fixture. A fourth track runs diagonally from the bottom right towards the center, featuring a large cylindrical spotlight. The tracks are connected by small black brackets.

# Ardeo Infinium

A modular light system for  
all applications

Experience unmatched flexibility and customisable illumination with Ardeo Infinity modular track System. Utilizing Ardeo's advanced snap-on design tech, our exclusive range of track-specific luminaires allows you to effortlessly create dynamic, tailored lighting arrangements for any space.

Ardeo empowers the Infinium line with a comprehensive range of luminaire fixtures that effortlessly snap in for versatile solutions, including general lighting, wallwashing, spot lighting, and accent lighting.

# Design without limits

Ceiling agnostic lighting system

## Recessed Track

Ideal for false ceiling applications, it offers a clean and unobtrusive appearance.

## Surface Track

The Ardeo Infinity Track system seamlessly blends into any true ceiling application, adapting flawlessly to diverse aesthetics.

## Suspended Track

The suspended Track system is tailored for expansive commercial settings and office environments seeking flexible lighting solutions.

# Understanding Infinium

Accessories and Connectors

## High density die-cast aluminium

Crafted from industry-grade, aluminium alloys, promising highest durability and best in class performance.

## In Track Power Supply

Embedded power supply system ensures a clean and unobtrusive aesthetic.

## L Connector

Enables perpendicular integrations of two infinium systems.

## Snap-on Install

For effortless installation and removal of any Infinium Luminaires.

## Snap-on Dali Connector

That effortlessly snap into the Infinium System

## Track Connectors

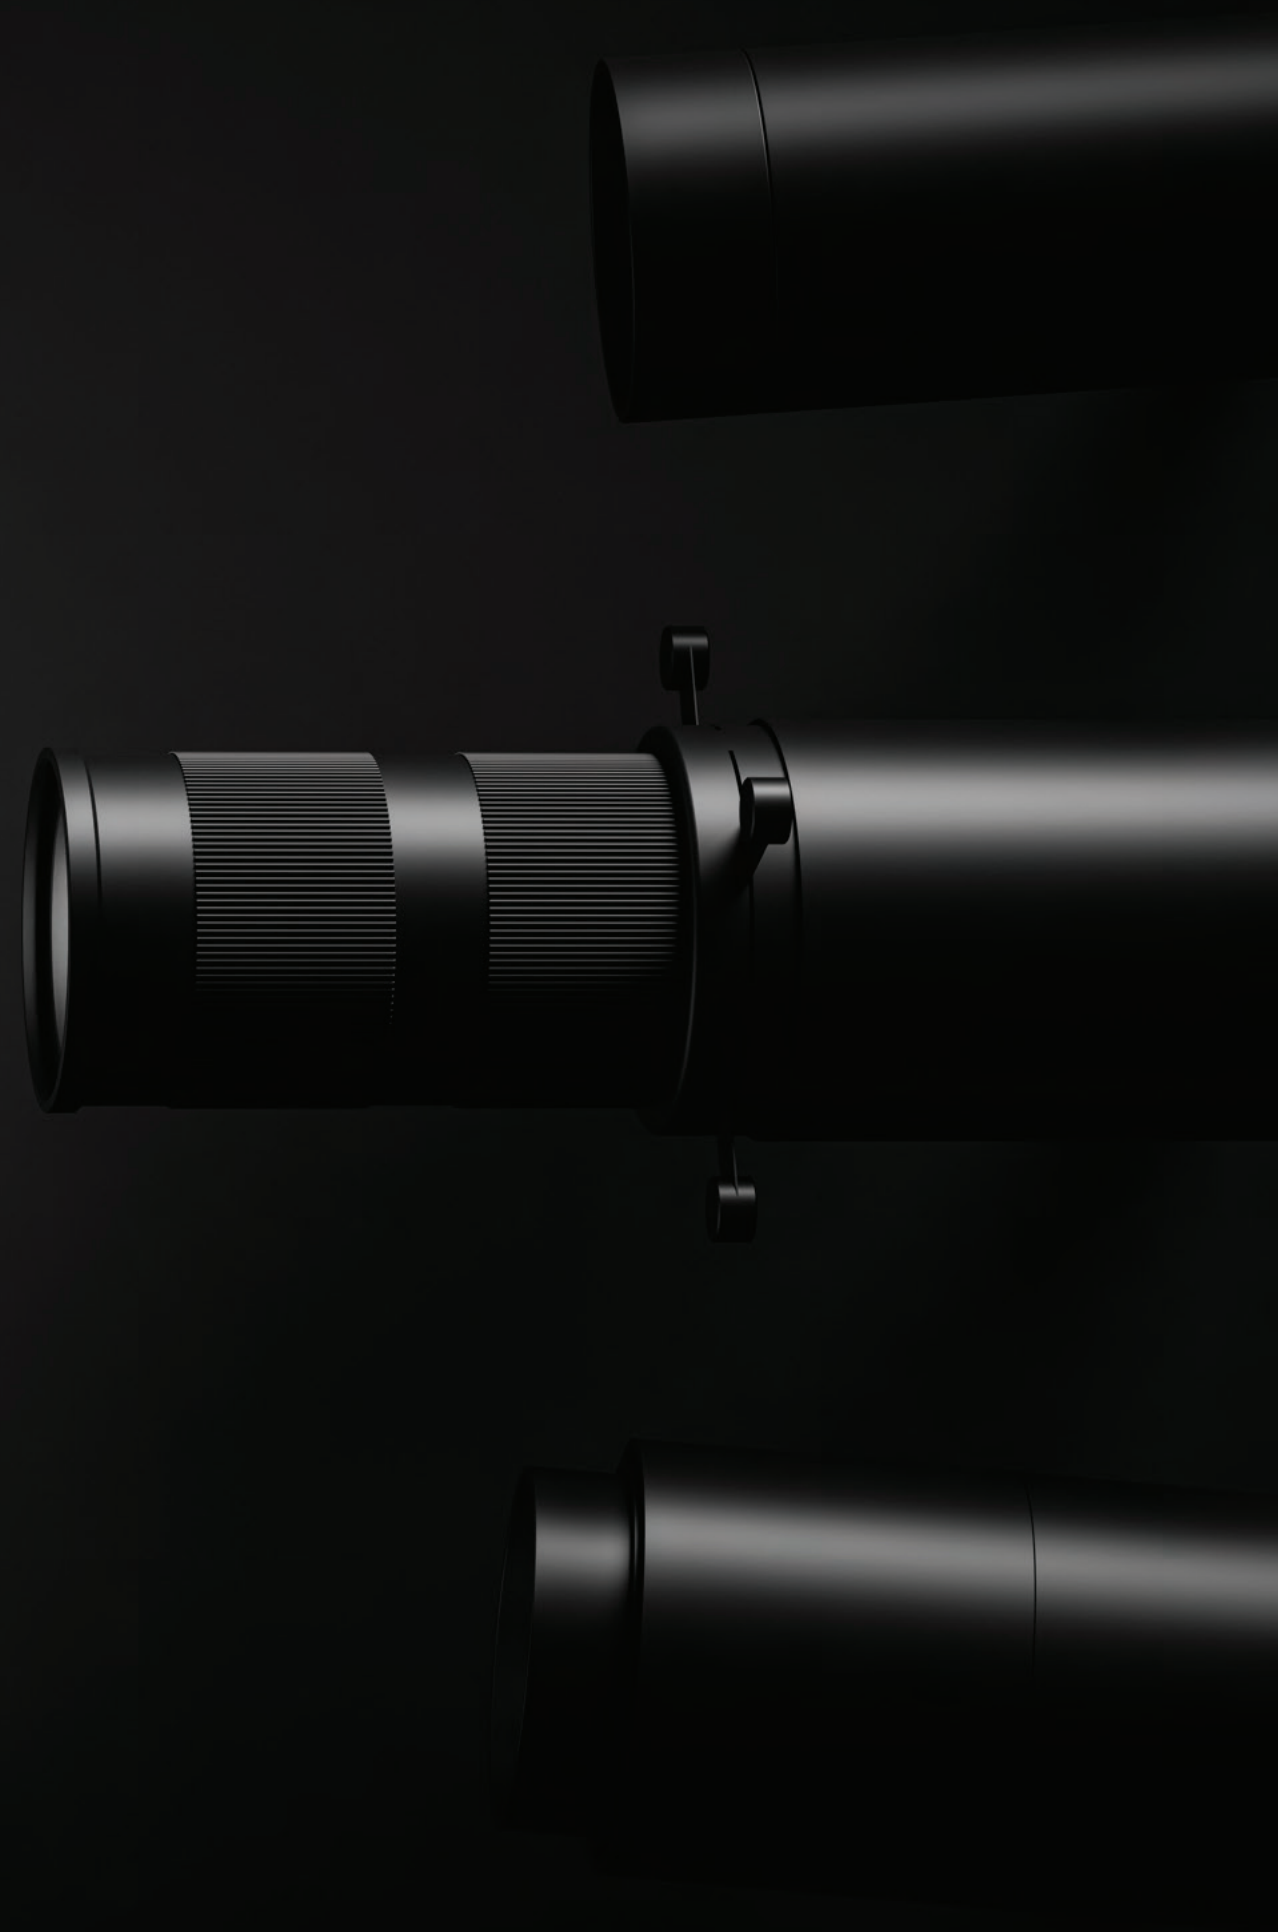

Allows for seamless continuity of the Infinium system.

# Point and Shoot

With the infinium flagship

Designed with meticulous attention to detail and optimized for unparalleled performance, Adhil Infinium spotlights utilize advanced optics technology to ensure exceptional lighting outcomes. These luminaires offer diverse lighting options, suitable for accentuating architectural elements or generating dynamic lighting displays.

# The Adhil collection

The epitome of focused illumination

Adhil

Available wattages:  
5W, 7W, 15W

Adhil *zoom*

Available wattages:  
15W

Adhil *focus*

Available wattages:  
10W

# Adhil

A masterpiece luminaire that effortlessly elevates luxury homes with its versatile and captivating illumination, Adhil transcends ordinary lighting to redefine curated spaces with unparalleled beauty.

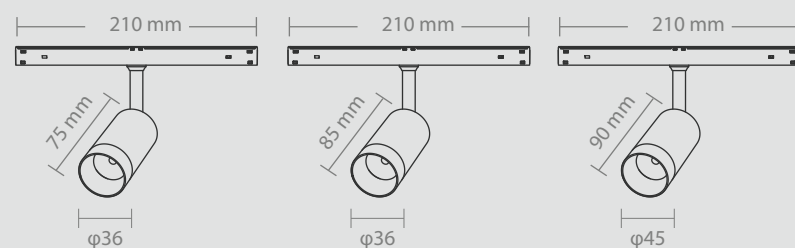

# Adhil *zoom*

An ultra-compact spotlight equipped with cutting-edge Activ Flex Max technology allows for real-time beam angle adjustment, creating an adaptable and dynamic lighting experience.
