Landscapes to Lightscapes

Our Outdoor Spotlight Collection is engineered to master the elements and elevate outdoor illumination; perfect for highlighting architectural features and landscapes, offering exceptional light precision, energy efficiency, and weather resilience.

Transform your exteriors with the perfect blend of performance and aesthetics, ensuring that your outdoor spaces makes a telling statement, no matter the conditions.

Nature Reimagined

Transform landscapes into breathtaking scenes, where technology and nature blend to produce remarkable outcomes.

Impact Resistance

Withstands rigorous outdoor conditions

High Humidity Suitability

Perfectly reliable in humid environments

Superior Lighting Performance

Unparalleled illumination and precise color consistency

High Luminous Efficacy

Exceptional brightness and clarity

Durable Construction

Robust and long-lasting design

Waterproof

Complete protection against dust and water immersion

Single fixture, diverse outcomes

Adapt your lighting to any environment with our comprehensive accessories and fixtures.

Impact Resistance
Withstands rigorous outdoor conditions.

HoneyComb Lens
Exceptional glare control and effective diffusing of light.

GlareGuard Hood
Minimizing unwanted light spill and enhancing visual comfort.

Ground Spike
Secure, stable placement and ease of installation across various terrains.

Ardeo TreeGrip
Secures your outdoor lights to tree trunks, providing flexible illumination and an adaptable setup.

Sculpting Nature with Light

Ardeo's outdoor spotlights transform every element of your landscape, from delicate shrubs to towering trees, into stunning features of light and shadow. Experience nature in a whole new light.

Shrubs

Illuminated with a subtle yet impactful beam, Ardeo's spotlights bring out the lush texture and vibrant green of shrubs, adding depth to its visage.

Medium Shrubs

Cast a soft, upward glow to beautifully highlight the intricate details of their foliage through the interplay of light and shadows.

Medium Trees

The medium trees are bathed in a soft, upward light that highlights their foliage and structure, creating a serene and inviting ambience.

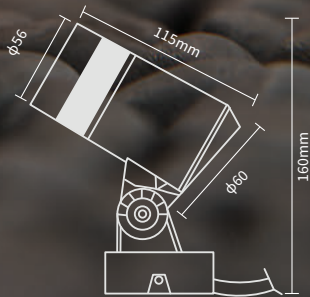

Tall Trees

Ardeo's powerful spotlights majestically illuminate tall trees, highlighting their height and grandeur, making them stand out as focal points in any landscape.

Anka

The dynamic illuminator

Anka, epitomizes agility and precision. With Ardeo's UltraFlex tech, it allows real-time beam angle adjustments, perfect for evolving landscapes and growing trees.

Tech Specs

Finishes

<input checked="" type="radio"/> Grey	<input type="radio"/> Black	Wattage	Beam angles	CCT	CRI	IK Rating	IP Rating	Voltage	System lumen
Grey, Black		10W	15°~60° zoomable	3000K	>80,	IK09	IP 66	100-220V	480lm,

Boasting variable focusing beam angles, Anka's exquisite design exudes industrial flair, and unparalleled precision in illuminating plants and trees.

Zibal

Performance meets elegance

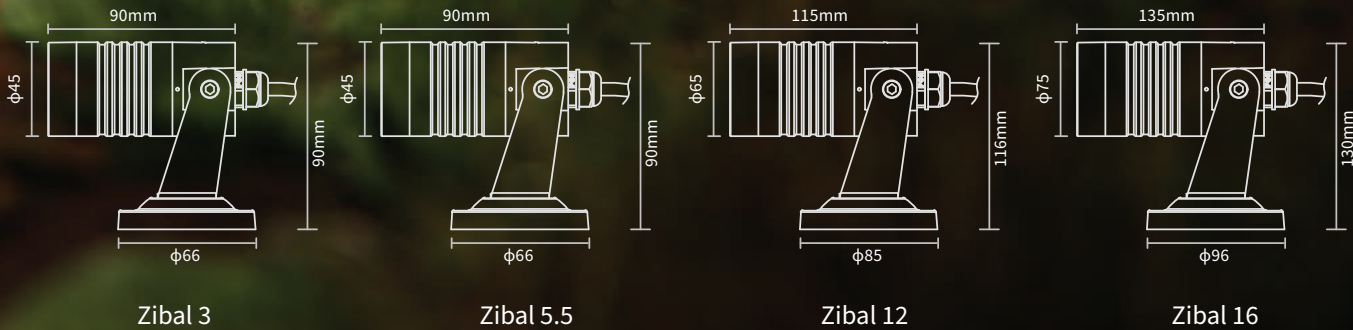

Zibal's resilient yet minimal design, reinforced tempered glass and durable aluminium housing ensure longevity while energy-efficient LED technology delivers exceptional outdoor brilliance.

Tech Specs

● ○	Wattage	Beam angles	CCT	CRI	IK Rating	IP Rating	Voltage	System lumen
Silver, Black	3W, 5.5w, 12w, 16w	5°/8°/25°/40°/60° 15°/30°/45°/60°	3000K	>80	IK03, IK03, IK05, IK05	IP 65	100-220V	240lm, 440lm, 960lm, 1280lm

A modern, multi-story building with large glass windows is shown at night. The building's interior lights are visible through the windows. In the foreground, a large, leafy tree stands on a bed of white pebbles. Several smaller, rounded shrubs are also planted in the pebble bed. The tree and shrubs are illuminated by warm, yellow light from ground-level spotlights, creating a dramatic effect against the dark night sky and the building. The overall scene is a well-lit garden space designed for nighttime viewing.

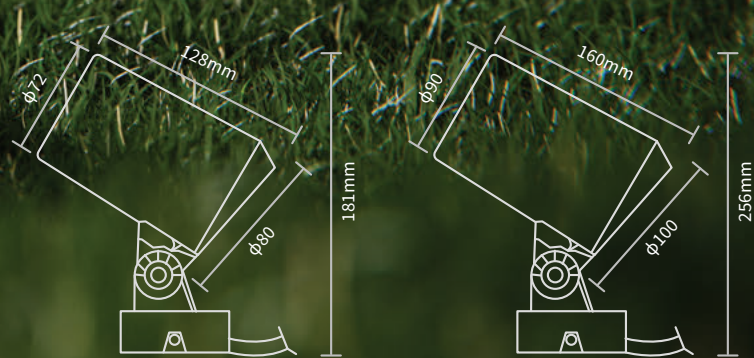

Zibal highlights the intricate details of trees, transforming gardens into breathtaking landscapes.

Zibal's focused beams bring shrubs to life, enhancing the texture and depth of the garden spaces.

Polis

Striking, efficient & precise

An extraordinary luminaire blending technical excellence and versatile use. Ultra-durable, top-tier components and sophisticated design for illuminating outdoor elements with precision.

Tech Specs

Finishes

 	Wattage	Beam angles	CCT	CRI	IK Rating	IP Rating	Voltage	System lumen
Grey, Black	15W, 25W	18°/24°/38°/60°	3000K	>80	IK07	IP 65	100-220V	1200lm, 2000lm

The versatile design artfully highlights lush foliage, majestic trees, architectural columns, and captivating facade elevations.

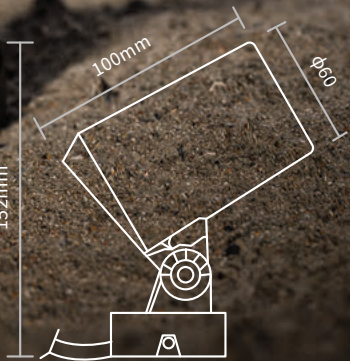

Sabik softly illuminates plants, trees, and columns with top-tier CREE LED technology, delivering impressive lumen output and exceptional color consistency.

Sabik

The powerfully subtle luminaire

A masterful blend of elegance and industrial finesse, this luminaire features a meticulously crafted aluminium housing, and advanced thermal design while delivering a captivating glow.

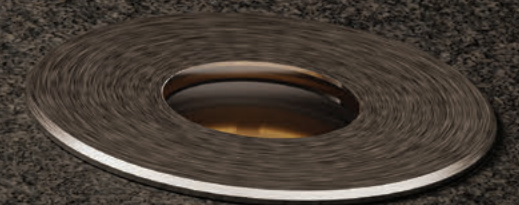

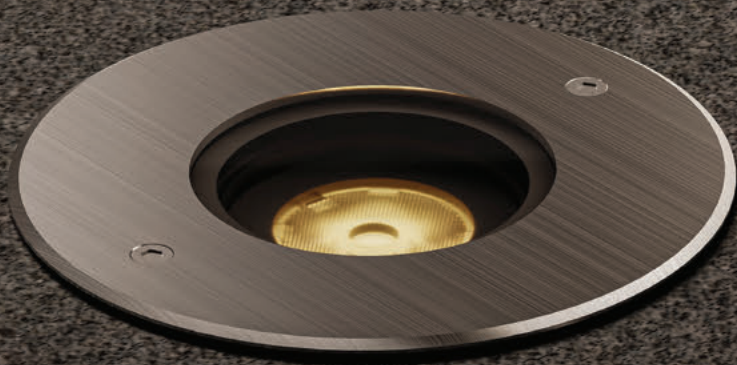

Tech Specs

Animating outdoors with advanced illumination

Transform your exterior lighting with Ardeo's expertly crafted recessed inground solutions. Designed for versatility and resilience, they transform outdoor scapes into immersive experiences.

Whether highlighting architectural columns, illuminating pathways, or enhancing garden features, Ardeo's inground lights provide flawless illumination with minimal visual intrusion.

Ultra-Clear Tempered Glass

Engineered for maximum durability against impact and environmental stress.

High Grade Design

Ensures a low failure rate, providing consistent performance over time.

Steel Front Guard

Corrosion-resistant, SteelPrime Cover endures the harshest elements.

Die-Cast Aluminium Housing

Guarantees robust protection for the internal components.

ABS Mounting Sleeve

Excels in heat dissipation and protection against elements.

Top Tier LED

For high lumen output and color consistency.

Built to Endure

At the core, top-brand LEDs provide high lumen output and exceptional color consistency. The elegant stainless steel front cover adds a touch of sophistication, making these luminaires a perfect blend of form and function.

ABS Mounting Sleeve
Effectively manages thermal performance and protection against elements.

Top of the line LED
High lumen output, exceptional color consistency.

2mm Tempered Glass
Provides robust defense against impact and environmental stress.

SteelFront Guard
Offers unmatched durability and corrosion resistance.

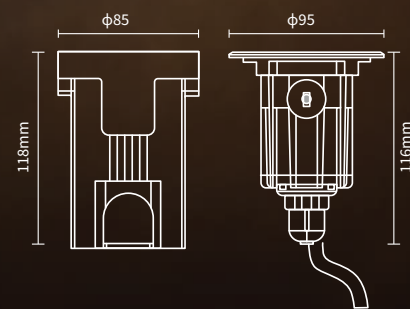

Innovation at Every Layer

Ardeo's recessed outdoor luminaires are a testament to advanced engineering and innovation. Featuring an ultra-durable ABS mounting sleeve for optimal support and heat dissipation, each fixture is designed to withstand the elements. The 2mm tempered glass offers clear, robust protection, while the high-grade die-cast aluminium housing ensures longevity and resilience.

Izer

The contemporary space enhancer

An innovative luminaire with adjustable beam direction and excellent heat dissipation.

Tech Specs

Finishes

●	Wattage	Beam angles	CCT	CRI	IK Rating	IP Rating	Voltage	System lumen
Silver	3W	8°/15°/30°/40°/60°	3000K	>80	IK08	IP 67	100-220V	240lm

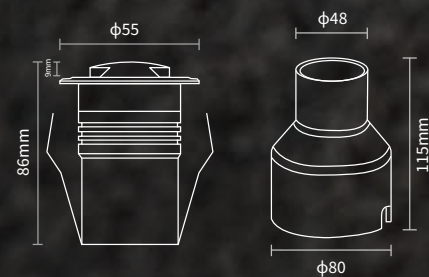

Agile Beam Luminaire. Versatile, adjustable design enhances outdoor spaces with dynamic radiance and elegance.

Segin

Form meets Function

A durable, industrial-grade luminaire crafted to enhance driveways and pathways. Segin's compact and artistic design with robust performance, makes it a standout choice for driveway illumination.

Tech Specs
